PROFILE

I am a passionate IT graduate with hands-on experience in Front-end Development and Quality Assurance (QA). I completed an internship in front-end development, where I worked on responsive web design and user interfaces. Currently, I am continuing an internship in QA, learning software testing processes and tools. I aim to build a strong career in the IT field by improving my technical and analytical skills.

WORK EXPERIENCE

Company: Key Devs Technology 01-07-2025 TO 30-09-2025
